URBAN DISTRICT COUNCIL**

THE
ANNUAL REPORTS
OF THE
Medical Officer of Health
AND
Public Health Inspector

Year ended 31st December, 1967

BRYNMAWR URBAN DISTRICT COUNCIL

1967

CHAIRMAN OF THE COUNCIL	...	Councillor Gurnos Jones, J.P.,
VICE-CHAIRMAN	...	Councillor Gilbert Jones,
CHAIRMAN OF THE PUBLIC HEALTH AND HOUSING COMMITTEE	...	Councillor S. Harding.

MEMBERS OF THE COUNCIL

North-Eastern Ward

Councillor J.R. Enoch,
Councillor I. Nash,
Councillor W.J.D. Tibbs.

South-Eastern Ward

Councillor Norman M. Griffiths,
Councillor J.R. Morgan,
Councillor W. Bond Williams.

Central Ward

Councillor Gurnos Jones,
Councillor H. Morris,
Councillor G. Phillips.

Western Ward

Councillor J. H. Lewis,
Councillor R. Powell,
Councillor W.G. Tucker,
Councillor Rowan Williams.

Southern Ward

Councillor S. Harding,
Councillor G. Jones,
Councillor D.G. Morgan,
Councillor Mrs. W. Grubb, J.P.,

OFFICERS OF THE PUBLIC HEALTH DEPARTMENT

Medical Officer of Health for the Southern Combined Districts of Breconshire	...	Dr. Creighton E. Edwards, B.Sc., M.B., B.Ch., D.P.H.
Public Health Inspector and Inspector of Meat and other foods	...	I.L. Hughes, M.A.P.H.I., M.R.S.H.Dip. (Meat and Foods) R.S.H. Gwyn Jones, M.A.P.H., M.R.S.H., M.R.I.P.H.H., Joined Dept., 20/11/67
Authorised Meat Inspector	...	E.B. Glithero, A.R.S.H., M. Inst. M. David G. Brittain, A.M.R.S.H., M.A.M.I., M.R.I.P.H.H., Joined Dept., 3/7/67.

ANNUAL REPORT

of the

MEDICAL OFFICER OF HEALTH

to the

BRYNMAWR URBAN DISTRICT COUNCIL

for the Year 1967

To:-

The Chairman and Members of the
Brynmawr Urban District Council

Mr. Chairman, Mrs. Grubb, Gentlemen,

I have the honour to present my Annual Report upon the sanitary circumstances of the district, the health of its people, and the work of the Public Health Department for the Year 1967.

The Registrar General's population figure for the urban area is 6,310.

The general health of the district during the Year has been very good with an absence of any serious disease.

One case of Pulmonary Tuberculosis was notified during the year.

It is my desire to express my sincere thanks to the members of the Council for their co-operation in all matters concerned with the health of the district.

Yours faithfully,

CREIGHTON E. EDWARDS.

Medical Officer of Health for the
Southern Combined Districts
of Breconshire.

Doctor G.V. James, M.B.E.
69 Dock Street, Newport,
Mon. (NEWPORT 63035)

PUBLIC HEALTH LABORATORY
SERVICE

Doctor Gray, Public Health Laboratories
Clytha Square, Newport, Mon. (NEWPORT
63248)

AMBULANCE FACILITIES:

The Breconshire County Council have
stationed an ambulance in George Street,
Brynmawr. (BRYNMAWR 238) If this ambulance
is engaged the call is passed to MR. J.
L. Williams (BWLCH 289)

MATERNITY AND CHILD
WELFARE:

The Clinic is situated at Bailey Street,
Brynmawr and is attended by the County
Medical Officer of Health and his Assistant
Medical Officers and by Nurse S. Rees
(BRYNMAWR 268).

WELFARE:

The District Welfare Officer, Mr. Verley
Rees, has an office in Bailey Street,
Brynmawr. The Breconshire County Council
have facilities for Part III Accommodation
under the National Assistance Act, at
Cockcroft House, Hay and Crawshay House,
Brynmawr (BRYNMAWR 254).

ISOLATION HOSPITALS:

Infectious diseases requiring hospitalisation
are admitted to Gelligaer Isolation hospital
or to Alt-yr-yn Isolation Hospital, Newport,
Mon.,

PREVALENCE OF CONTROL OF INFECTIOUS
AND OTHER DISEASES

Arrangements for Diphtheria Immunisation of children are carried out by the School Medical Service of the Breconshire County Council.

SANITARY CIRCUMSTANCES OF THE AREA

WATER SUPPLY

The district is supplied with water from an impounding reservoir known as Cairns Mound Reservoir, and situated about $1\frac{1}{2}$ miles north-east of the town. The supply can be augmented by pumping water into the reservoir from the Ffymnon Gisfaen Springs at Clydach Valley. The water is subject to slow sand filtration; three filter beds are provided.

The reputed capacity of the reservoir is 20,000,000 gallons but in all probability the capacity is considerably less than this. The reliable out-put of the reservoir is estimated about 120,000 gallons per day, but probably during periods about 300, 000 gallons per day could be relied upon.

Brynmawr is particularly fortunate in being able to supplement their reservoir water supply with pumping from the Ffymnon Gisfaen Springs. The supply from these Springs has shown them to be practically in-exhaustable and well able to provide Brynmawr with a plentiful supply of water at all times, even after a long drought. The 60 h.p. Sigmund Electric Pump and Motor which the Council installed in a Pump House sited over the Springs in July, 1965 gives maximum yield of 12,000 gallons per hour, pumping against a head of 640 feet through a 6 inch main delivery pipe to the reservoir or to the Balancing Tanks as required. The main leaving the reservoir is 7 inches in diameter.

On 1st April, 1959, the whole water undertaking was taken over by the South East Breconshire Water Supply Board and which is formed by four local authorities viz Brecon Borough, the Urban District of Brynmawr and the Rural Districts of Brecknock and Crickhowell. Each local authority being represented on the Board. Mr. K.F. Lewis, M.I.C.E., A.M.I.W.E. is now Clerk and Engineer to the Board.

The Public Health Inspector takes periodical samples and these are submitted to the Public Health Laboratory at Newport for biological examination.

SWIMMING BATHS

Regular visits are made to the Open Air Swimming Baths during the season with frequent checks on the condition of the water in the baths. The Chlorine content of this water is assessed thrice daily by the Baths Superintendent. The Surveyor's Department is responsible for the maintenance of the baths and plant whilst the purity of the water is, of necessity, a Public Health matter, and both Departments co-operative to achieve the best possible results.

DRAINAGE AND SEWAGE DISPOSAL

The whole town, with the exception of a few cottages situated in isolated parts of the district is served by public sewers.

In some of the older parts of the town, the sewers are brick built and have been in existence for a great many years. The system is combined, the sewers taking both foul sewage and storm water, the Bryn Farm Estate, the Old Bryn Farm and the new houses built at Aneurin Crescent are on the dual system, all surface water being excluded from the sewage system.

The sewage is purified at a Sewage Disposal Works owned by the Local Authority and the effluent discharged into the River Clydach. These works were built in 1924 and are to be re-built in the near future.

At the present moment work is in hand recording the sewer surveyor of the town. When completed, the Consultants for the new Works will be able to proceed with the design and calculations of the new Sewage Works.

PUBLIC CLEANSING

REFUSE COLLECTION AND DISPOSAL

The Council operate a twice weekly collection of refuse from all parts of the town, and a daily collection from the central sections of the town, and disposal is by means of controlled tipping designed to level sites of disused workings of outcrop coal seams, which are numerous in the area.

In January, 1956 the Council commenced tipping refuse on the site known as "The Patches" and this is the only site now used for this purpose.

One Bedford Tipper is employed part time and one 12 cubic yard Karrier is employed full time on refuse collection.

PREVENTION OF DAMAGE BY PEST ACT, 1949

The work of rats and mice destruction has proceeded satisfactorily and has been carried out in accordance with the provisions of the above Act.

Two maintenance treatments of the town's sewers have been completed during the year.

The bait was deposited on the 'benching' of the manhole or upon metal baiting trays fitted to the manhole walls. Each manhole being pre-baited upon alternate days, and on the third day, a proportionate amount of poison was added to the base bait and laid at all points.

In accordance with the instructions issued by the Ministry of Agriculture, Fisheries and Food, the base bait and poison used are alternated for sewer treatment, and the results prove the efficiency of this change in bait and poison.

The operator does these duties part time as he has other Council duties to perform but Rodent Control is given priority over his other work.

PREVENTION OF DAMAGE BY PESTS ACT, 1949

(Continued)

Sewage Disposal Works

Treatment of the town's sewers for the destruction of rats were followed by inspection and test baiting at the Sewage Disposal Plant. Several minor infestations responded to treatment at intervals.

Refuse Disposal Tip

Periodical inspections were made at the refuse tip. During the year treatments for the destruction of rats were successfully completed. The tip was rather heavily infested, but as a result of treatment, the infestation was cleared. However, regular inspections continued to be made and any infestation immediately treated.

Surface Infestation

Every complaint of infestation by rats or mice was investigated, and surveys of the town periodically carried out.

FACTORIES ACT, 1961

The following is a list of trades carried out at Factories within the Urban Area during 1967:-

	No. of Factories	Mechanical Power used	Mechanical Power Not Used
Joinery	6	6	-
Mineral water Manufacturers:	1	1	-
Motor Vehicle Repairs:	9	8	1
Raincoat Manufacturers:	1	1	-
Nylon overcoat Manufacturers:	1	1	-
Tufted Bedspreads	1	1	-
Slaughterhouses:	1	1	-
TOTAL:	20	19	1

PART VIII of the Act
OUTWORKERS - SECTION 133 & 134

There are no outworkers employed within the Brynmawr Area during the year.

PARTICULARS ON THE ADMINISTRATION

OF THE FACTORIES ACT - 1961

Inspections for purposes as to Health

PREMISES (1)	No. on Register (2)	Inspections (3)	No. of Written Notices (4)	Occupiers Prosecuted (5)
1. Factories in which Sections 1, 2, 3, 4 and 6 are enforced by L.A.	-	-	-	-
2. Factories not in- cluded in 1 in which Section 7 is enforced				
3. Other premises in which Section 7 is en- forced (excluding out- workers)				

Cases in which defects were found

PARTICULARS (1)	Number of cases in which defects were found				Prosecution Instituted (6)
	Found (2)	Remedied (3)	To H.M. Inspector (4)	By H.M. Inspector (5)	
Want of Cleanliness (S.1)	-	-	-	-	-
Overcrowding (s.2)	-	-	-	-	-
Unreasonable temp- erature (s.3)	-	-	-	-	-
Inadequate vent- ilation (s.4)	-	-	-	-	-
Ineffective drain- age of Floor (s.6)	-	-	-	-	-
Sanitary Conveniences (S.7) (a) Insufficient	-	-	-	-	-
(b) unsuitable or defective	-	-	-	-	-
(c) Not separate for sexes	-	-	-	-	-
Other offences against the Act (not including offences relating to out-workers)	-	-	-	-	-

CLEAN AIR ACT

Apparatus to determine the sulphur dioxide and air pollution of the air was set up in September, returns to Warren Springs Laboratory at Stevenage were made from October, 1967. The result show that the air pollution of the town is not great at any time and it is only when the wind is southerly or south-easterly that any pollution occurs.

F O O D

Food Premises

During the year, visits were made to retail food shops and premises where food is prepared, stored or deposited for the purpose of sale

The undermentioned is a list of such premises (estimate).

<u>Type of Food Premise</u>	<u>Number in Area</u>
Grocers	25
Greengrocers and Wet Fish Shops	7
Butchers	13
Restaurants, cafes	4
Bake houses	3
canteens	4
Slaughterhouses	1

Food Premises Registered Under Food & Drugs Act

Preparation, manufacture and storage of preserved foods (cooked meats, etc., in connection with butchery business)	13
Fried Fish Shops	3
Storage and Sale of Ice-cream	27
Manufacture of Ice-cream	Nil

All registered premises are kept under surveillance and particular attention is made to the standard of personal hygiene of food handlers.

F O O D
(Continued)

Byelaws under Section 15 of the
Food & Drugs Act, 1955

Byelaws for securing the observance of sanitary and cleanly conditions and practices in connection with the handling, wrapping and delivery of food are in operation in the Urban Area. It has now been necessary to take legal action as generally traders are co-operative in the question of food hygiene

Ice-cream (Heat Treatment) Regulations, 1959

There are 27 registered retailers of ice-cream within the Urban Area. They are supplied from the central depots of the large Ice-cream Companies.

All of the premises in the district, comply with the legislation and maintain a good standard of food hygiene.

At present there are no manufacturers of ice-cream operating within the Urban Area.

Milk and Dairies (Special Designation) Regulations, 1963

There is only one processor of milk within the Urban area, he holds a "Dealers Licence" issued by the Food & Drugs Authority, "Brecon County Council".

Inspection of Dairy

During the year 4 visits were made to the Dairy for inspection of plant, utensils and premises. The trade is most co-operative in the question of clean milk production; and it was not necessary to resort to legal action in any instance.

F O O D
(Continued)

Licensed Premises

All licensed premises in the district were inspected regularly and the standard of cleanliness was generally good.

Six letters were sent requiring certain defects to be remedied and in each case the work was carried out.

The number of licensed premises in the district is given below:

Public houses	19
Licensed Clubs	3
Off-license	2

Food Condemned

Given below is a summary of the food stuffs condemned during the year:-

<u>FOOD CONDEMNED</u>	<u>AMOUNT</u>
Pork Loin	7 tins
Jellied Veal	3 tins
Pork Shoulder	7 tins
Ham	8 tins
Corned Beef	2 tins
Haddock fillets	$\frac{1}{2}$ stone
Beef	84 lbs
Lamb (New Zealand)	52 lbs
Lamb (English)	34 lbs
Pork	46 lbs
Rissoles	31 pkts
Cod fillets	43 pkts
Kippers	36 pkts
Fish Fingers	73 pkts
Fish Cakes	37 pkts
Plaice fillets	38 pkts
Cod Steaks	100 pkts
Haddock fillets	21 pkts
Beef burgers	29 pkts
Sliced beans	28 pkts
Broad beans	16 pkts
Peas	140 pkts
Pies	72 pkts

All condemned foods not returned through the wholesalers are disposed of at the Local Authority's refuse tip.

OFFICES, SHOPS and RAILWAY PREMISES ACT, 1963

Given below is information on the work carried out by this Department, under the above Act, during 1967.

The information is taken from a report submitted to the Ministry of Labour for the year ended 31st December, 1967.

	Number of premises registered during the year.	Total No. registered Premises at end of the year.	No. of registered premises receiving general inspection during year.	Number of persons employed
